

# LICENSED KERNZA® GRAIN DISTRIBUTORS

**The following distributors offer Kernza® whole grain and flour. When you purchase from a licensed distributor, you are covered by their Kernza trademark license and are not required to enter into a separate licensing agreement unless you purchase more than \$25,000 worth of Kernza® annually.**

If you would like to be more engaged in the research and development of Kernza via the trademark licensing program, see the [Makers page](#). You will be eligible to join the emerging Kernza Stewards Alliance, a multi-stakeholder entity working to guide and grow Kernza's future for the benefit of vibrant ecosystems, vital economies, and healthy people through perennial grains.
